

Project Manager

Company Presentation

Freemind is a specialised software company delivering products, solutions and services for Energy Efficiency, Building Management and ICT Solutions. The company enables partners to "Stay in Control" of complex technological infrastructures, to automate business and operational processes, and to improve energy efficiency.

Freemind was founded in 2003 and started with a team of managers and engineers with over 20 years of experience in delivering OSS services and ICT solutions to telecom operators and large corporations worldwide. By teaming up with partners, leaders in their application domains – Freemind extended its services to Energy Efficiency management, Integrated Security and Building Management.

Freemind ICT Solutions provide on-site and off-shore software development and testing for ICT system operations.

Freemind's Web-Based Supervision and Control products and solutions enable the supervision and control of energy, technical and security aspects of infrastructures such as buildings and telecommunication networks.

FreeMind Consulting is a growing Belgian company, with operations in Italy and Germany.

Our objective is to help customers :

- To increase operations efficiency
- To increase security of logical and physical assets
- To reduce costs for deploying eManagement Products and Solutions

FreeMind Consulting is working with market leaders such as Belgacom, NMBS-SNCB, Alcatel-Lucent, Cegelec, Cofinimmo, Siemens, etc. to develop value added applications on top of his LEONARDO Software platform (framework).
